Men are but sorry witnesses in their own cause." The praise of Kidney-Wort comes from the mouth of those who have made strong and healthy by it. Listen: "It is curing everybody," writes a druggist. "Kidney-Wort is the most popular medicine we sell." It should be by right, for no other medicine has such specific action on the liver, bowels and kidneys.

It would well pay all newspaper and business men, and the public generally to read the *Philadelphia Agent's Herald*. Its "I and Departure" is a great feature, and money in the pockets of those who give it their attention. Its "Lexicographic Department" is also a noted feature. We will supply it with the *Gazette* at \$1.00. Specimen copy may be seen at our office.

Heroes and Heroines of the Border.

In American history there are no more interesting figures than the heroes and heroines that mark a period in American history, so strong interest abides in old and young. It is proper that it should be so. These hardy pioneers of upland virtue with the stern duties of frontier life and trials, and the example of their noble interests, set forth methods our nation should learn in human courage and manly virtue.

It is a good plan to make a collection of these portraits, as they are of great interest to the student of history.

For Elder Complain of either sex this compound is unsurpassed as a abundant testimonial show.

A NOTE BUT UNTITLED WOMAN.

(From the Boston Globe.)

Mrs. E. F. Miller—This is a good likeness of Mrs. Lydia E. Pinkham, the woman who has been called "the Queen of Women," as some of her correspondents love to call her. She is said to be devoted to her work, which is the outcome of a lifetime, and is obliged to keep six lady assistants, to help her answer the large correspondence which daily pours in upon her, each bearing its special burden of suffering, or joy at relief from it. Her Vegetable Compound is a medicine for good and not evil purpose, and has really investigated it and studied it to the bottom of its truth.

On account of the proven merits it is recommended and prescribed by the best physicians in the country. One says: "It works like a charm and saves much pain. It will cure entirely the worst form of falling of the uterus, Leucorrhea, irregular and painful menstruation, all ovarian troubles, Inflammation and Ulceration, Fleadings, all Displacements and the consequent spinal weakness, and is especially adapted to the cure of hysteria."

In every portion of the system, it gives new life and vigor. It removes fatigues, faintness, destroys all craving for stimulants, and relieves weakness of the stomach. It cures Bleeding, Headaches, Nervous Prostration, General Debility, St. Vomites, Depression and Indigestion. That feeling of bearing down, causing pain, weight and tension, is always permanently cured by its use. It will fit all times and under all circumstances, and harmonize with the law of health.
